

Tricycline contains berberine sulfate, artemisinin, citrus seed extract (from grapefruit), and black walnut hulls. Berberine is the active constituent of goldenseal. Artemisinin, or qinghaosu, is the active constituent of sweet wormwood (*Artemisia annua*).

Suggested Use: As a dietary supplement, 1 or 2 capsules two or three times daily with meals, or as directed by a healthcare practitioner.

CAUTION: Artemisinin is not indicated for pregnant or nursing women. Long-term administration (greater than 1 month) should be monitored by a healthcare practitioner and include liver enzymes and hemoglobin testing. Combining with antioxidants or iron may theoretically decrease effectiveness. Detoxification reactions may be experienced by some individuals. In rare cases may cause idiosyncratic liver dysfunction.

Serving Size	2 capsules
Servings per container	45
Amount per serving:	
Berberine Sulfate	400 mg
Artemisinin	60 mg
Citrus Seed Extract	400 mg
Black Walnut Hulls	100 mg

Other ingredients: Hydroxypropyl methylcellulose, microcrystalline cellulose, silicon dioxide, L-leucine.
Variations in product color may occur. Keep in a cool, dry place, tightly capped.
